Odd Fellows Cemetery Removal

San Francisco, California
November 7th, 1933

Director of Public Health,
Department of Public Health,
San Francisco, California

Sir:

In accordance with rules and regulations adopted by the Board of Health, on September 18, 1921, under and by authority of Act of Legislature Number 1272, approved June 5, 1922 (Stats. 1922 p. 246); The Odd Fellows Cemetery Association hereby files with you a register of names, alphabetically arranged, of all interments that were in the Odd Fellows Cemetery in San Francisco, at the date of the said Rules and Regulations. A copy of this register is also maintained in the office of The Odd Fellows Cemetery Association.

This Association hereby certifies that this is a correct list of said interments; that removals were made under the supervision of the undersigned official; that disinterments were made in a decent and respectful manner; that each of the human remains, as found, was inclosed in a separate and decent receptacle, properly marked, registered and recorded; was disinterred by individual hand labor; was removed and transported by covered vehicles direct from the cemetery in San Francisco, to the cemetery, mausoleum, or Columbarium of reinterment. All the human remains registered hereby have been reinterred in a separate plot and separately marked with a permanent marker in Greenlawn Cemetery, at Layndale, San Mateo County, California, with the exception of such remains that have been taken to other cemeteries, which are so marked in the register.

We further certify that the work of disinterment, removal and reinterment has all been performed in a manner required by law.

Respectfully Submitted,

ODD FELLOWS CEMETERY ASSOCIATION

BY *[Signature]*

All the names recorded registered hereby have been reinterred in Greenlawn Cemetery, at Layndale, San Mateo County, California, with the exception of such as have been taken to other cemeteries. They are so marked in the register.

Odd Fellows Cemetery Removal

San Francisco, Calif.
November 7th, 1937

Director of Public Health
Department of Public Health,
San Francisco, Calif.

Attention: Miss. Grafe
Birth Registrar Clerk.

Dear Sirs:

You are hereby advised that during the months of August, September and October, of this year, the general removal of all bodies formerly interred in Odd Fellows Cemetery, in San Francisco, was finally completed. And during these months, over twenty five thousand bodies were removed from the cemetery in San Francisco, and reinterred in a general plot in Greenlawn Cemetery, in San Mateo County.

For the purpose of accuracy in our records of disinterment and reinterment, these removals were being placed in the vaults of our former cemetery and held there during the period of disinterment; and then each one was removed and prepared at Greenlawn, they were all removed. This advice, therefore, covers all activity during August, September and October, and completes the entire removal.

We have this day filed a complete alphabetical register in your office, which includes the above mentioned general removal, and also all other removals prior to this report.

Sincerely yours,

[Handwritten Signature]
Attorney for the Odd Fellows Cemetery Association.

November 14, 1933

Odd Fellows Cemetery Association,
3627 Geary Street,
San Francisco, California.

Gentlemen:

Miss Ida Drake, Death Registrar Clerk with the Health Department, has referred to me your communication of November 7 signed by F. A. Scott, Jr., Attorney for the Association, and F. A. Dickinson, Secretary for the Association.

We appreciate the good condition in which the alphabetical listing of disinterments and removals in the Odd Fellows Cemetery have been given us. We have not the slightest doubt but that the contract between the Department of Public Health and the Odd Fellows Cemetery Association has been complied with by you. Although a number of complaints came to our attention during the time that the removal was in process, our investigations have always shown that provisions of the contract were carried out satisfactorily.

In authority from the Director of Public Health.

Sincerely,

Jacques P. Gray, M.D.
Assistant Director of Public Health
