

Delayed Birth Records

Sacramento County, California

Introduction

This book is an index/register of names of infants born in Sacramento County, California, whose births were not immediately recorded, but were later reported to the County Recorder.

The earliest birth year was 1865 and the last was 1980. Information in the book includes family name, given name and date of birth.

The original book from which this data was extracted has the information arranged alphabetically by name of family. Some names and dates are underlined in the original book (these are maintained in this index). Some dates are also doubled yeared.

The original book can be found at:
